Individual licenses for students and teachers

Get free access to all JetBrains IDEs for personal use at school or at home.

Who can get free individual licenses for education

Students and faculty from accredited educational institutions (high schools, colleges, and universities) are welcome to apply.

Students need to be enrolled in an accredited educational program that takes one or more years of full-time study to complete.

Not sure about the license terms? [Check out the FAQ](#) or read the full terms [here](#).

Status:

☒ I'm a student

☐ I'm a teacher

Level of study:

Secondary (middle or high school) ▼

- For me personally, the official document was the easiest way to get an educational license, especially if you have a physical school ID
- **Go through the form carefully!!!!!!!!!!**

Name of your academic institution:

Westview High School

Website of your academic institution:

<https://www.powayusd.com/Schools/HS/WWHS/home>

Example: If you go to Westview High School

Official document:

[ADD DOCUMENT\(S\)](#)

(Up to 4 MB)

Add any official document(s) (e.g. student card) certifying your affiliation with your academic institution or provide a link where such information can be found:

- Includes your name
- Includes your school's name
- Includes a validity date
- Is readable or easily translated via Google Translate (for non-English languages)

- Go through the form carefully once **AGAIN!!!!!!!!!!!!**
- You should receive confirmation that you got the license in about one business day, then you can open PyCharm again and activate the educational license using your JetBrains account
